Stories Of

Sleepytown:

Alice and Noel

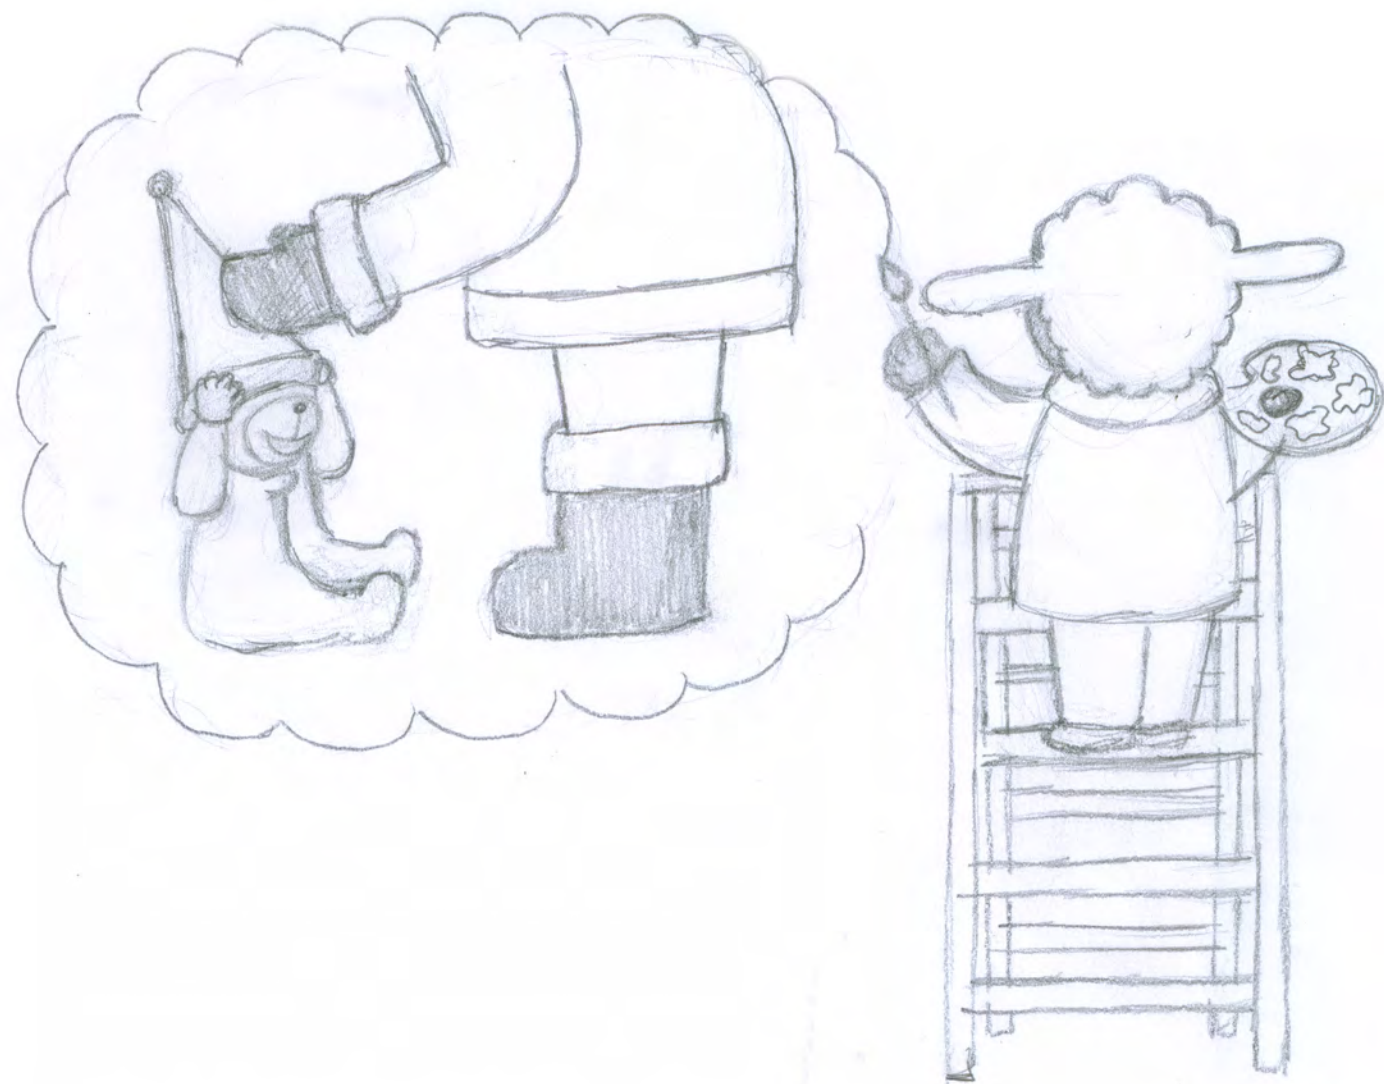

By Jennifer Vento

Dedication

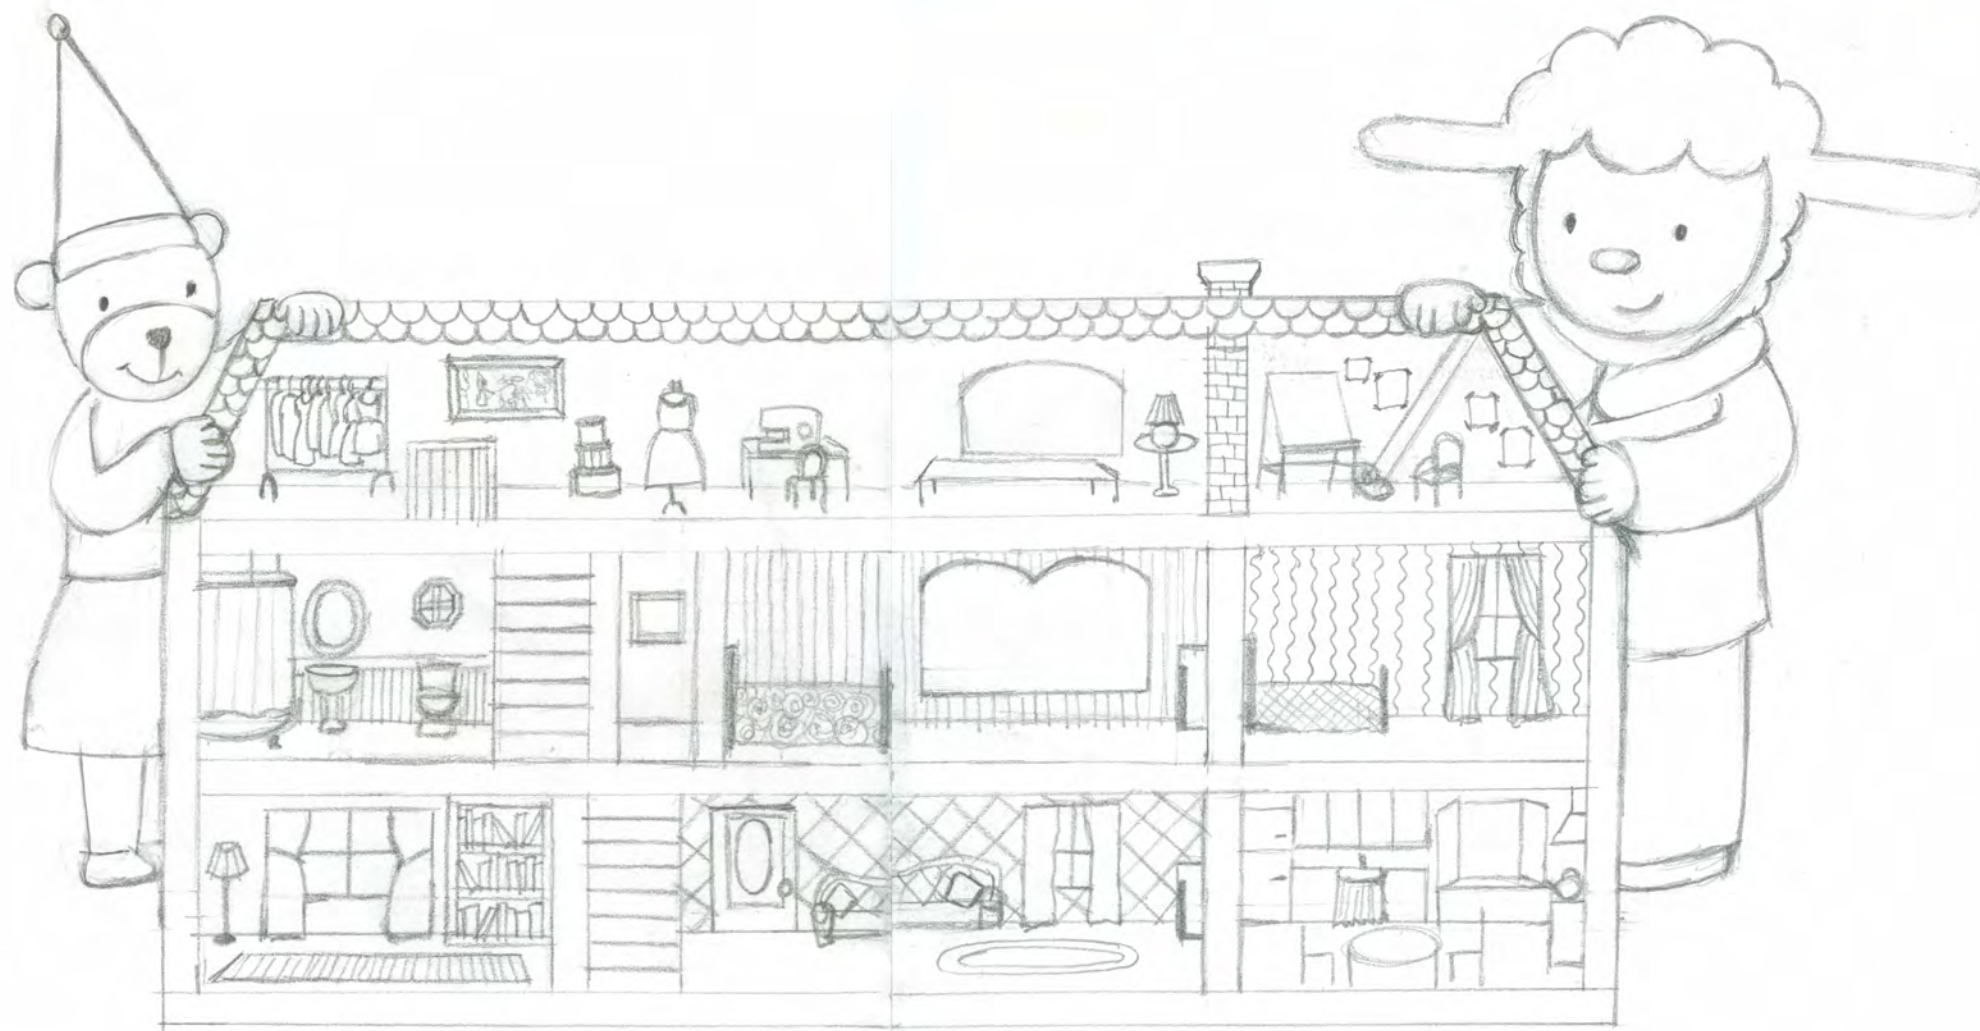

Alice and Noel Sheep are sisters and the very best of friends.

People often have a hard time telling them apart, so Noel almost always wears a hat.

Her favorite one was given to her by Santa Claus when she was really little.

Noel and Alice live with their family in an old house.

On rainy days
they like to be detectives
and solve mysteries. Once
they discovered a treasure
chest in their attic. It was
filled with costumes and
pogo sticks.

Alice and Noel live in Sleepytown. Although it sounds like a boring place, there are many exciting things to do. They have events and festivals all year round. Alice's favorite is the Unicorn Parade, held every summer. She likes to volunteer to help the unicorns get ready.

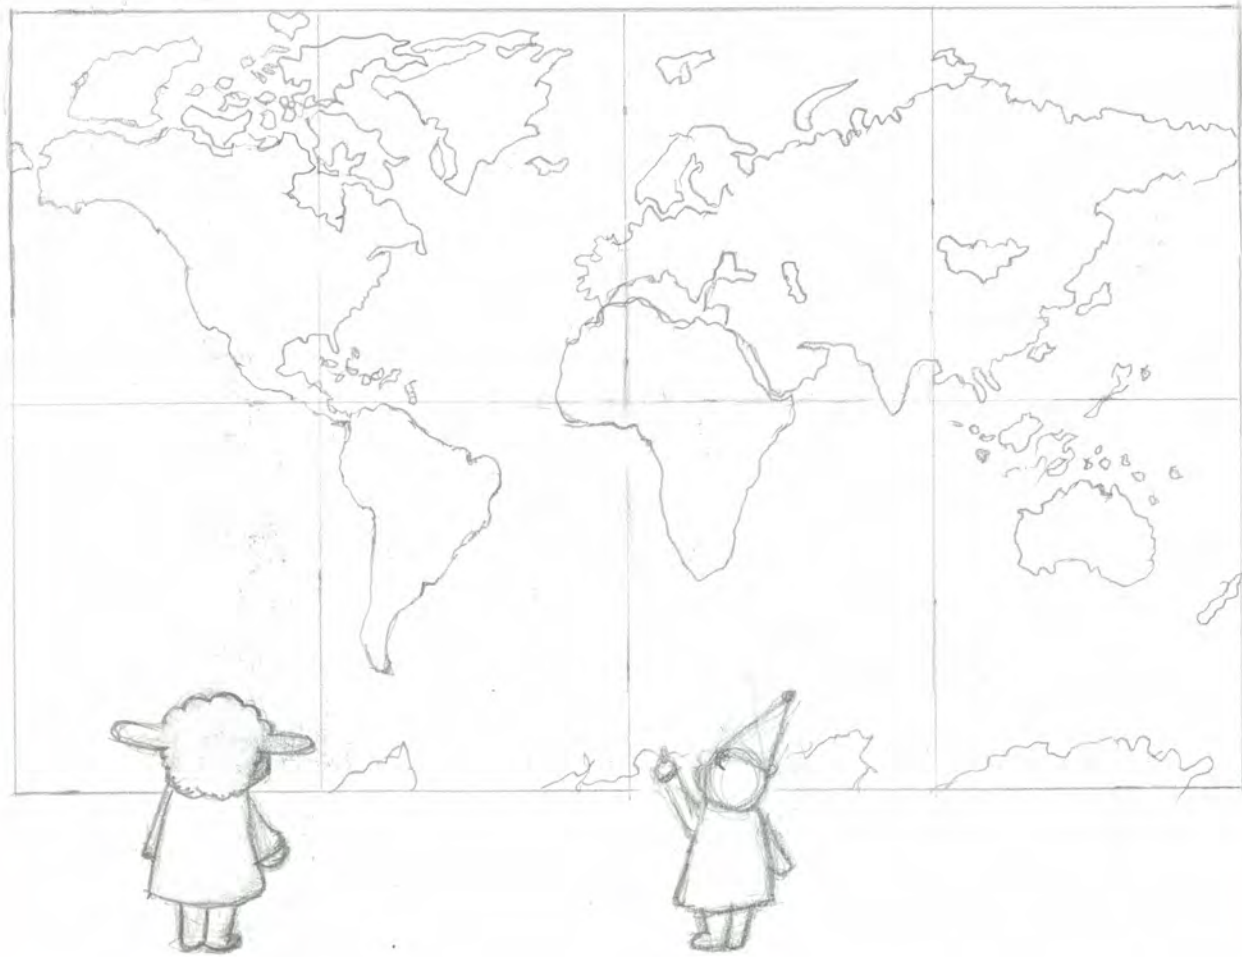

Noel loves the yearly snow festival. One year, they won first place in the snow sculpture competition when they made a snow statue of everyone in town.

In the spring, flowers magically
pop up all throughout town.

Noel and Alice like to help water
all of the plants.

Alice and Noel enjoy going to school with their friends. They like to learn about the places that they may one day travel to.

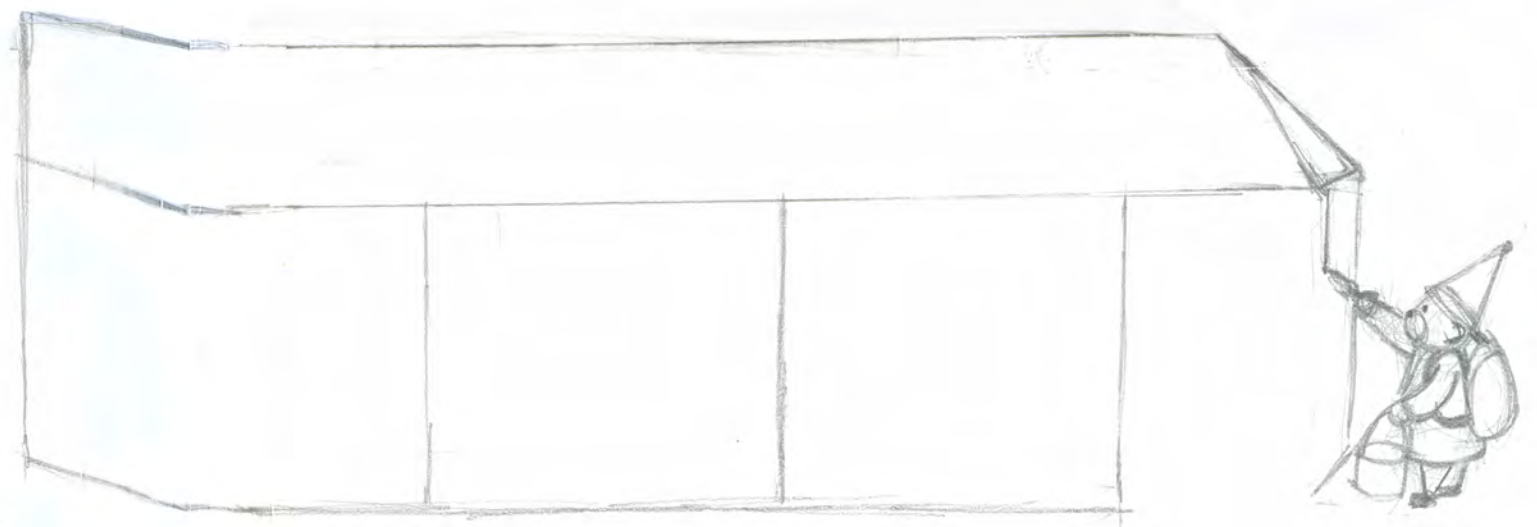

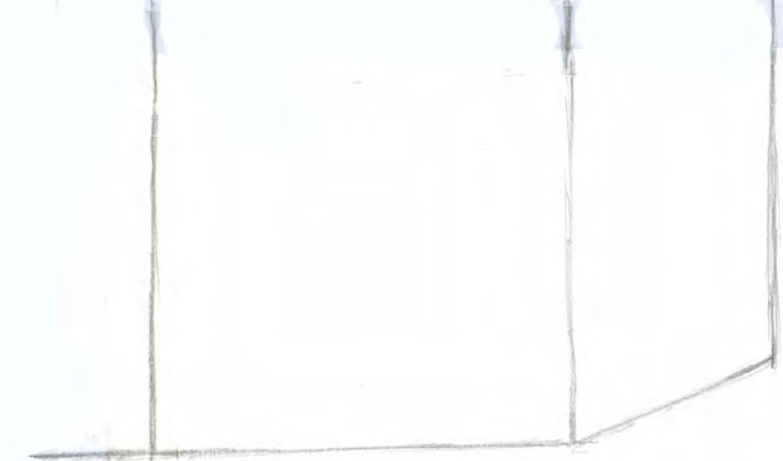

They also like to do experiments in science class. Though, things don't always go as planned!

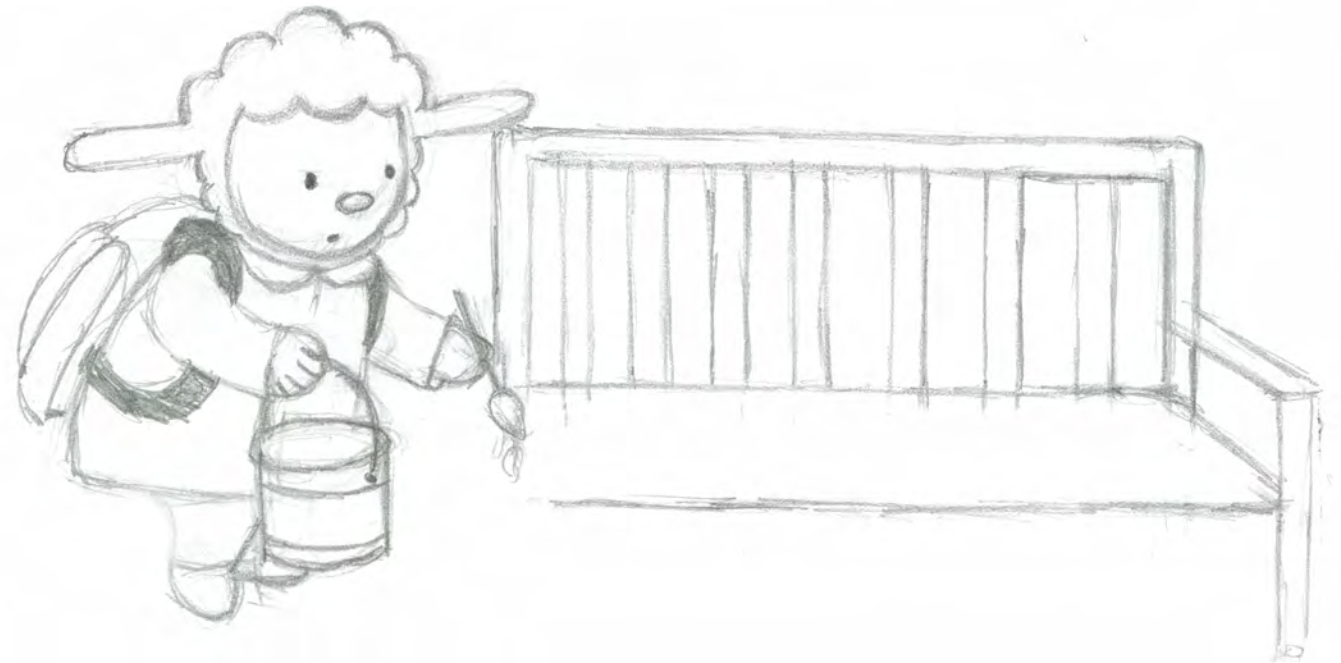

After lunch and recess they have math and then art class, where Alice likes to create great masterpieces.

Noel enjoys planning out new patterns for clothes.

Once school is over for the day, Noel joins Alice in painting the town.

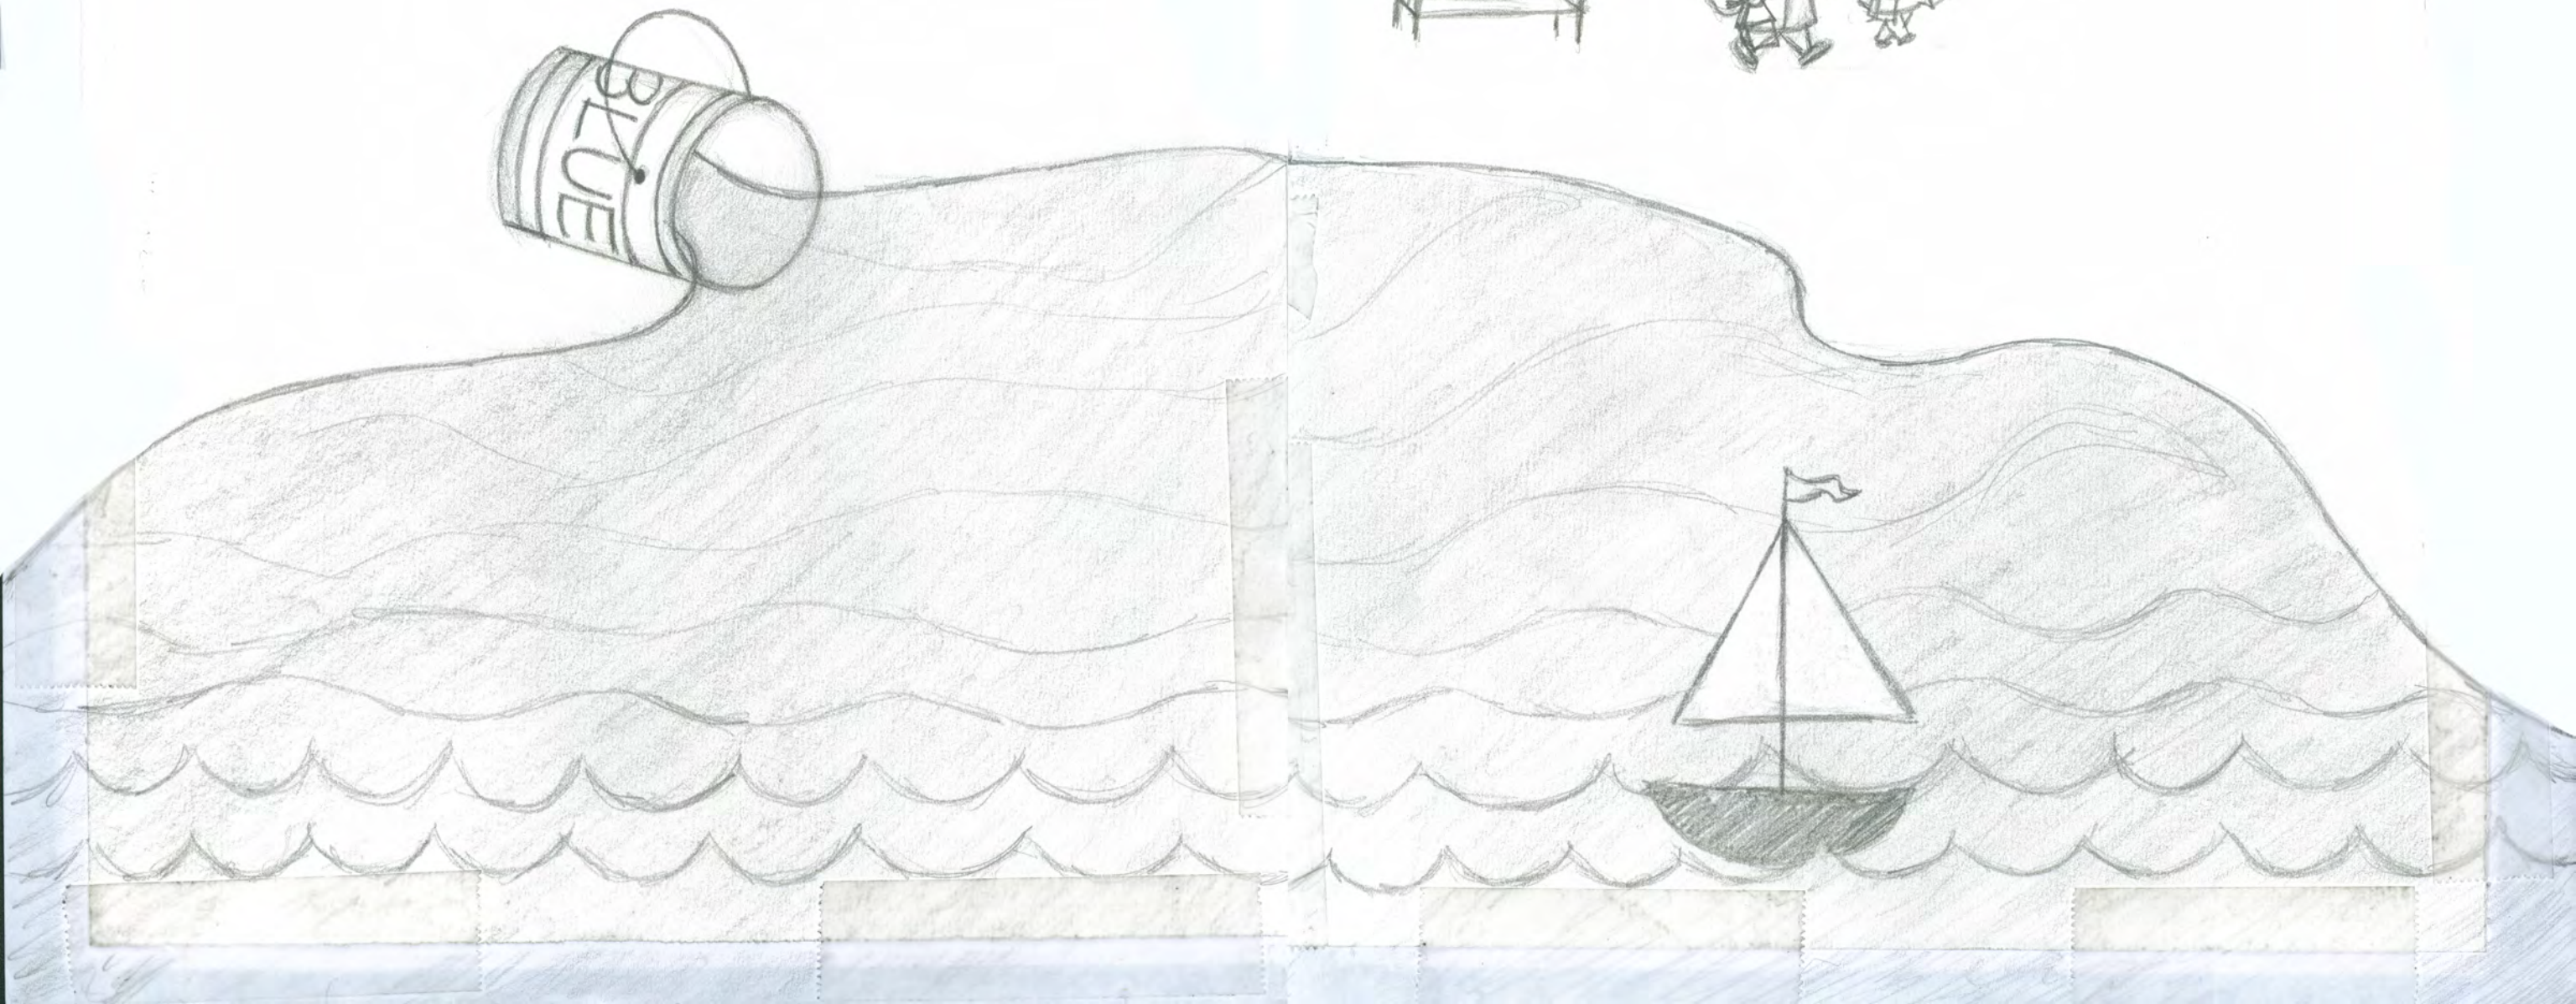

They stop by all the different businesses to visit their friends.

They make a lot of visits!

Along the way, they discover a part of town that they hadn't noticed before.

When they get home, Alice and Noel

take their baths,

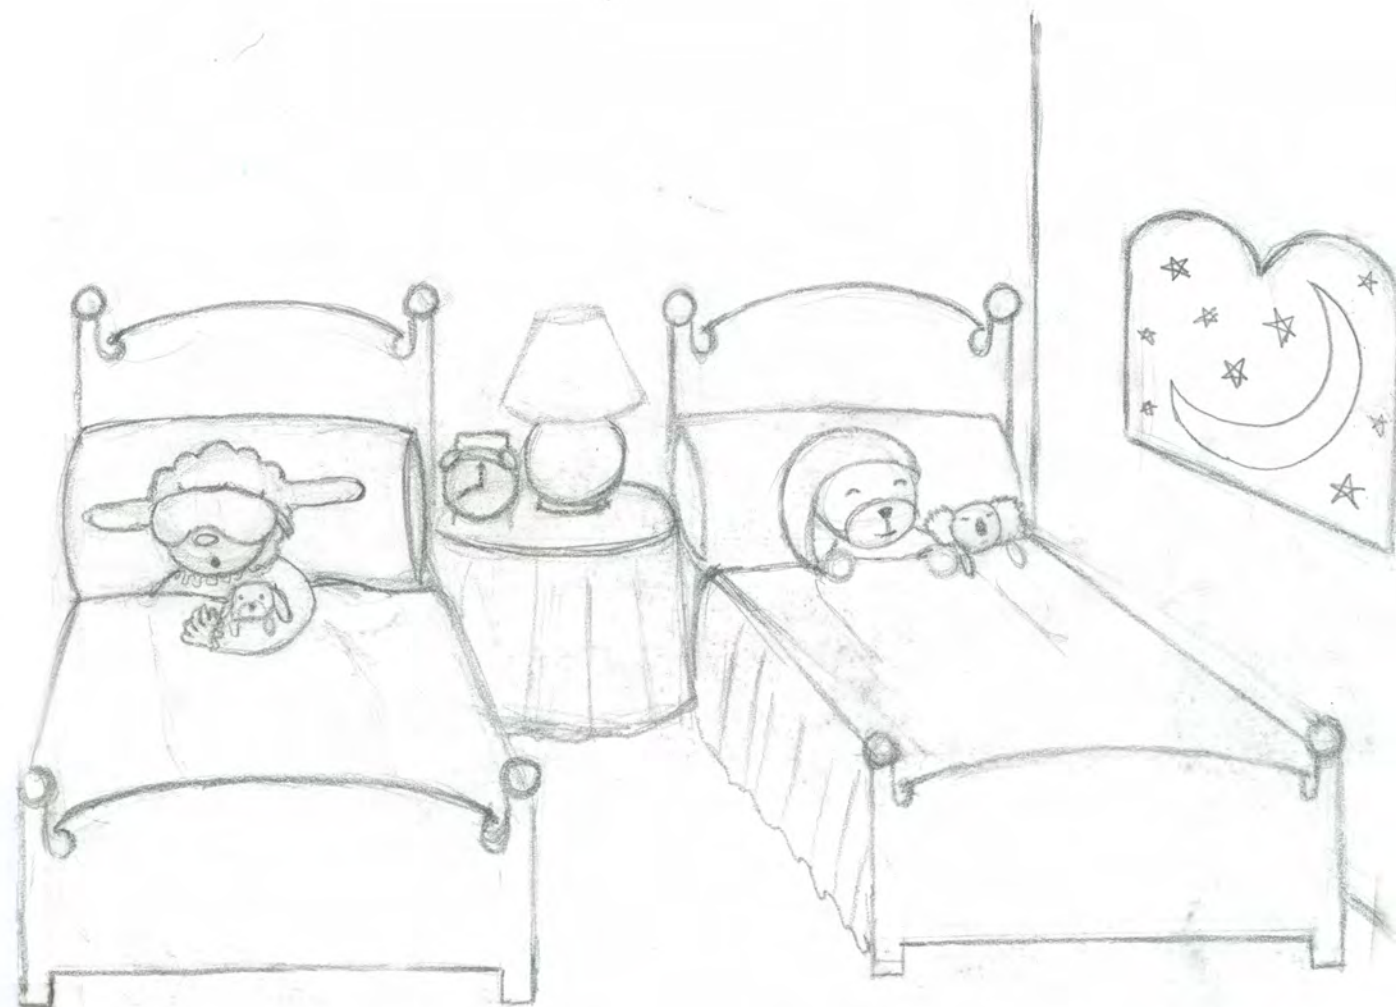

do their homework,

and have a
dance party.

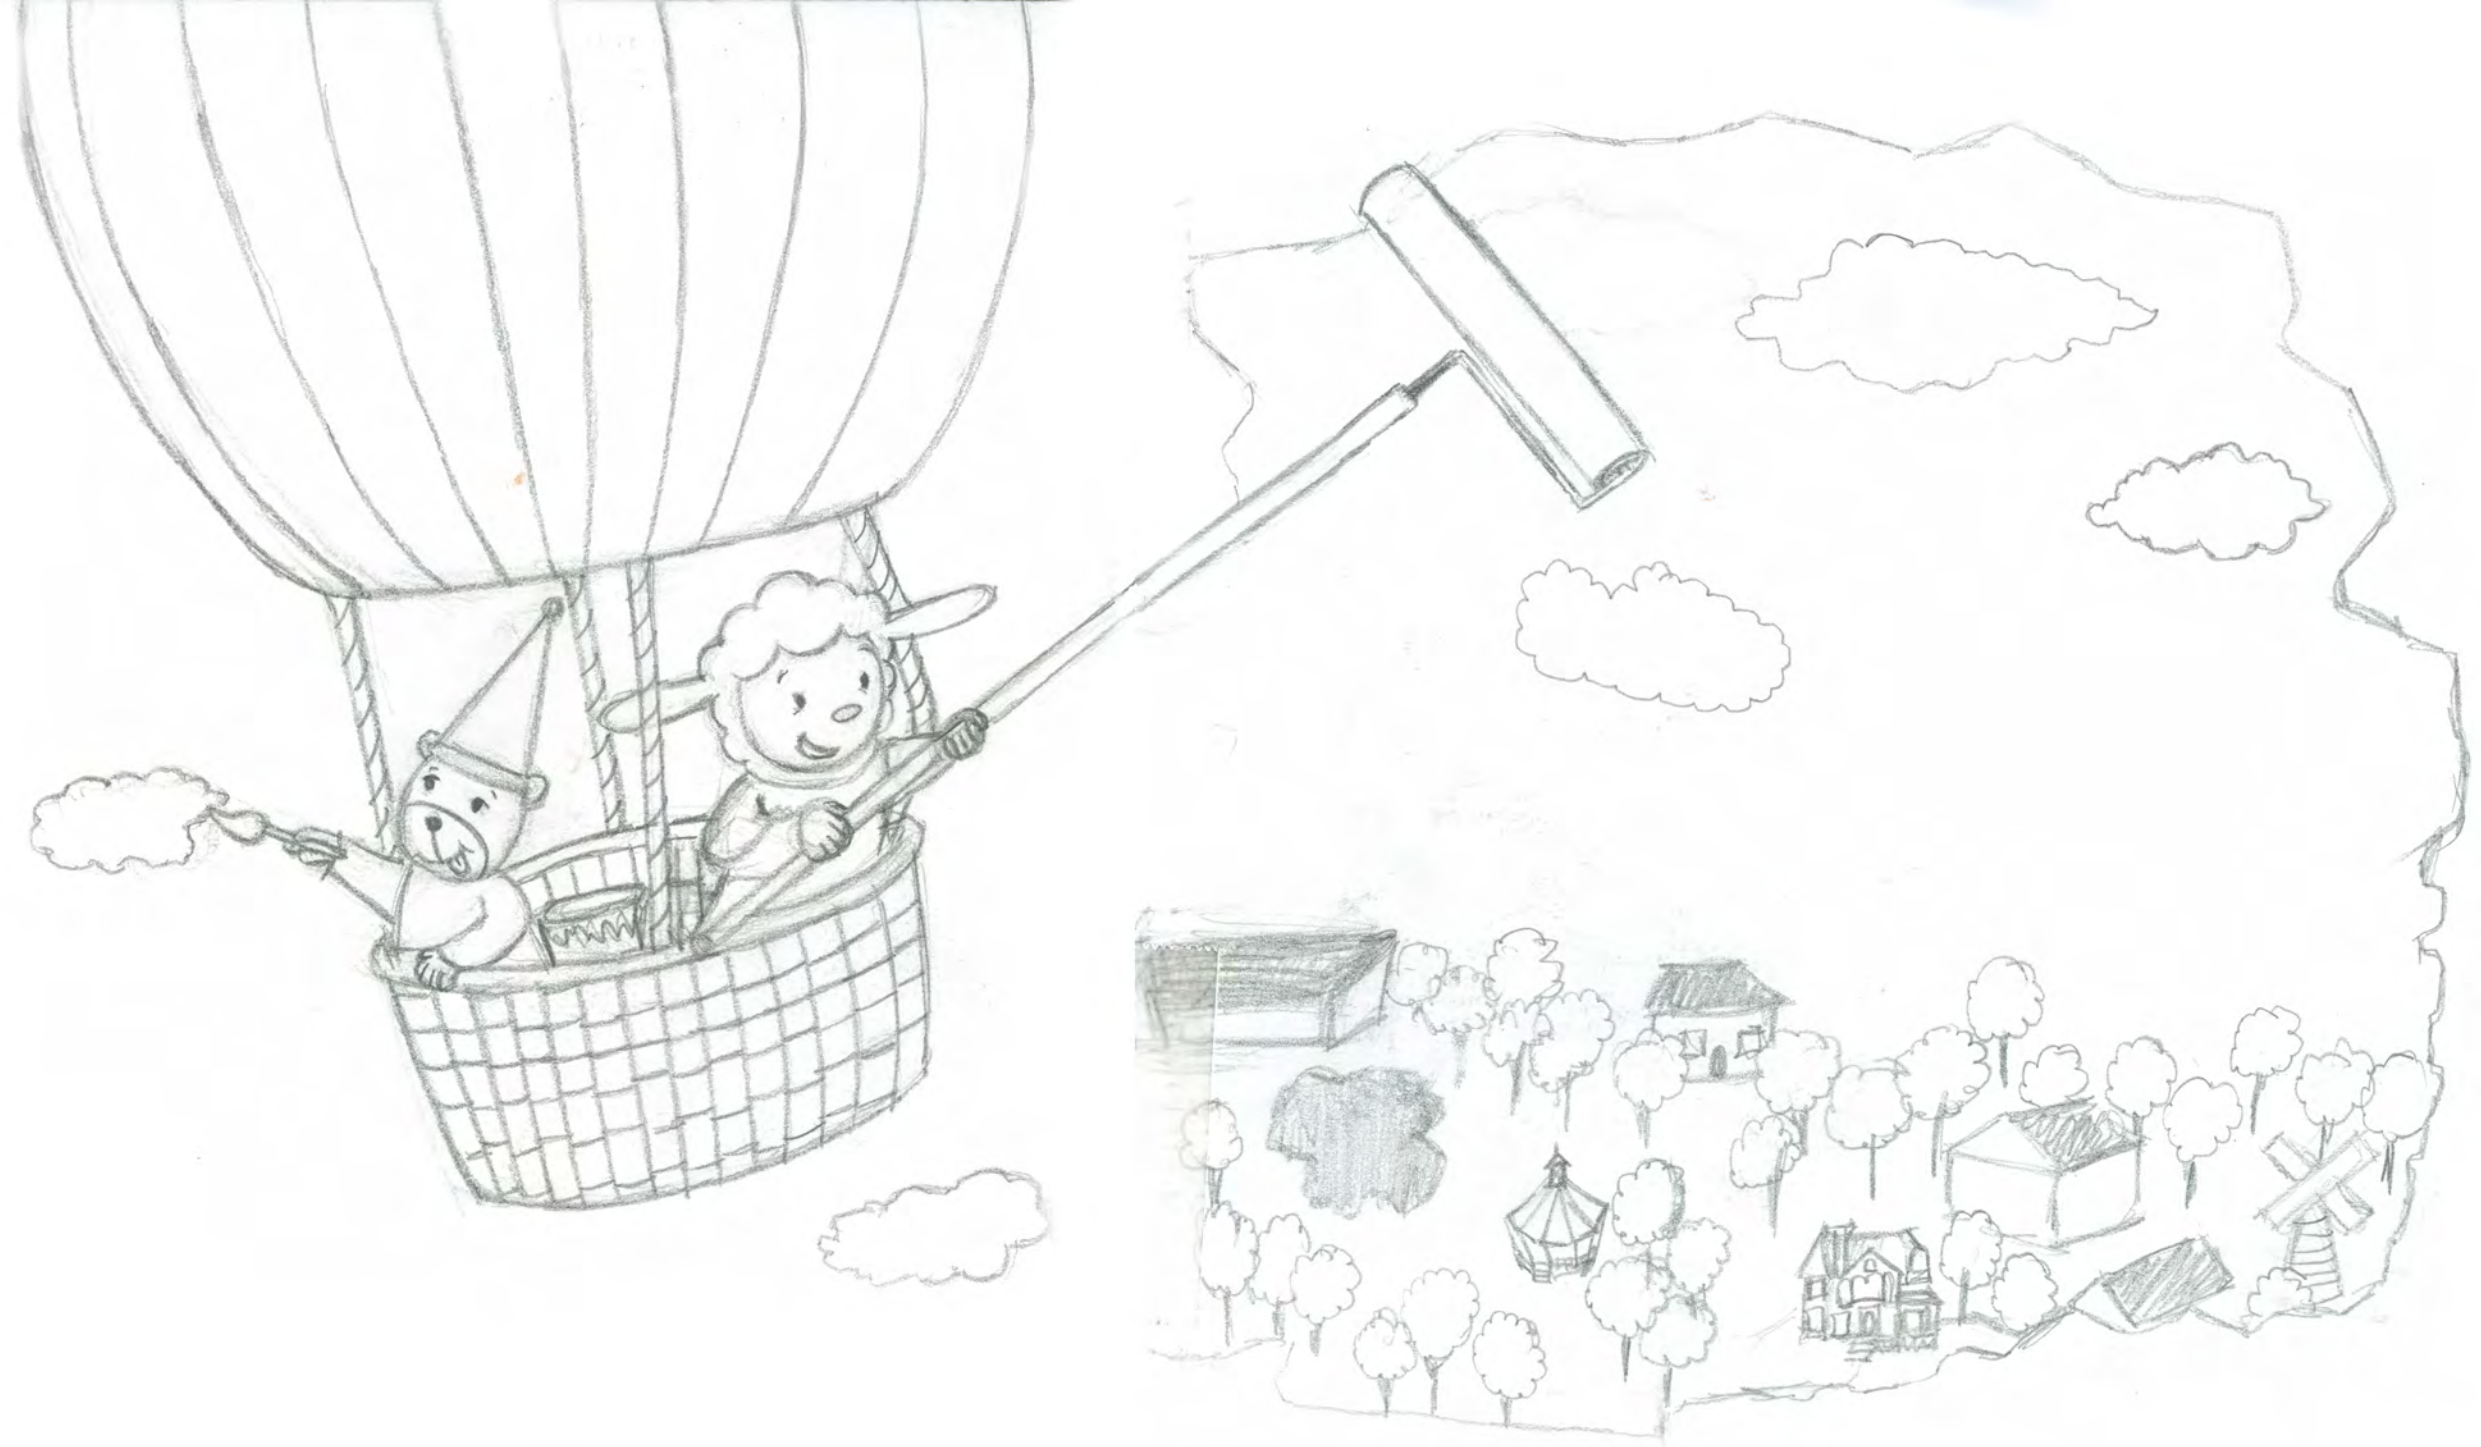

Finally, it's time for dinner. Luckily, they worked up quite an appetite!

After they read their favorite books, it's time to go to sleep.

Alice and Noel dream about what they'll do tomorrow.
